To Whom It May Concern,

X-Treme Threads has been supplying our twelve team hockey league with uniforms, apparel and other gear for the last 5+ years. Our main contact over this time has been Connor Clough. Connor responds quickly to our requests and patiently listens to our ideas to understand what we are looking for. He works diligently to turn our ideas into a final product we are happy with and lets us know how to make it better using his experience and expertise.

We are very happy with X-Treme's service and delivery times and their products are both very durable and of a high quality. The uniforms we wear have received many compliments from our members and the feedback we get from other teams in tournaments has been very positive.

X-Treme and Connor are always willing to assist us and we are proud to wear their apparel. We have no reservations recommending X-Treme Threads for your uniform and apparel needs.

Sincerely,  
Todd Miller  
Treasurer, PMOHA
