To whom it may concern,

I am writing to highly recommend the services of Connor Clough and X-treme Threads.

I have known Connor now for two years and every time we work together, it has been a pleasure. As a company, X-treme Threads has been nothing short of professional and timely. Our lacrosse Academy has weighed our options and each time we come back to Connor to work together.

The reversible jerseys we ordered in our first year were amazing. When competing at the High School Provincial Championships last March, we received many compliments about the look and style of our uniforms from other team's parents.

To this point, we will continue working with X-treme Threads as we have ordered another set of pinnies and lacrosse bags for all academy students.

I highly recommend Connor and X-treme Threads. He is very easy to work with and always professional. Connor has gone above and beyond what is asked. If there every any questions, we would be happy to answer them.

Regards,

Lucas MacNeil  
Lacrosse Academy Director
