

To Whom It May Concern;

Connor Clough and X-Treme Threads has been supplying our box lacrosse uniforms and other off floor gear for the last 3 plus years for our national men's senior teams and the Istanbul Sultans Lacrosse Club. The quality of work from inception to fulfillment is seamless and top quality. Connor responds quickly to any communication and suggested edits on our behalf but more importantly, Connor and X-Treme graphic designs are impeccable.

Connor listens thoroughly and carefully to our uniform and apparel ideas and turns them into reality rather promptly and usually with only a few tweaks here and there. He is top notch at getting the designs we request right within the first couple mock ups.

We are beyond happy with X-Treme's service, fulfillment times and are extremely friendly. The designs we collaborate on usually turns heads at tournaments and the product line is so comfortable. Connor is always looking for ways to improve the processes making it an even smoother relationship from concept to final delivery.

X-Treme and Connor are always willing to help our fledging program and we are honored to wear and represent their apparel on and off the floor. We highly recommend their services and products.

Sincerely,

*Patrick Dougherty*
